Domasz automatic packing machine RA-1

RA-1 automatic packing machine is a very efficient, perfectly working device for completely automatic vegetable packaging in rashel bags. The final effect of the machine's operation is aesthetically packaged vegetables in a rashel bag, with a label lined across the entire width. RA-1 is adapted to cooperate with the WE-30 Plus electronic weigher or a multi-channel weigher. The combination of RA-1 with DOMASZ weighing devices results in an excellent, fully automated weighing and packaging line. The device is adapted for packaging in bags from 2.5 kg to 25 kg. The machine is suitable for packing such vegetables as potatoes, onions, beets, carrots and other similar vegetables.

The most important features of the RA-1 automatic packing machine:

- powder coated construction of the machine
- Packing various types of vegetables
- fully automatic operation
- the possibility of packing in bags of 2.5-25 kg
- capacity with 2.5 kg bags is 14 bags per minute
- the possibility of sewing the label
- vibration of the upper hopper (option)
- vibration of the bag base (option)
- power supply: Electricity 3 * 400V 3.5KW (plug 32A 5P plastic)
- compressed air 5 bar (male end DIN 17)
