

AB GROUP

6-row maize seeder VPYT-DG306 on a semi-telescopic frame with deep fertilization

Basic information

Net price:	83 000 PLN
Brand	Ozdoken
Year of production	2025
Country of production	TR

Specific information

Location	Rzędziany
Location, country / state	Polska
Net price	83000
Currency	PLN
VAT [%]	23,00
Transport dimensions (LxWxH)	3,5 x 2,5 x 2
Shipping weight [kg]	1740
Warranty [months]	12

Additional information:

6-row maize seeder VPYT-DG306 with deep fertilization

Technical specifications:

- 6-row seeder, semi-telescopic frame (transport width: 300 cm)
- Row spacing: 75 cm
- Seeding units with disc-type coulters
- Disc coulters for fertilizer applicator
- Jumbo-type stainless steel fertilizer hopper (1000 L)
- PTO shaft
- Double hydraulic row markers
- DigitRoll Seed Master Integra seeding controller (computer)
- 2 sets of seeding discs (6+6)
- Road kit

DigitRoll Seed Master Integra Computer:

- Monitors seed flow using photocells
- Automatic system test (number of sensors, sensor cleaning alarm)
- 3 modules for seeder operation control:

- sowing/not sowing detection
- alarm blocking for current seed rate per hectare
- visible bar graph for each row
- Seed test: skips and doubles statistics for 100 seeds per row
- Displays row number and audible block alarm
- 6 alarm thresholds for seed absence
- Option to freeze current display state
- Seed size selection for precise seed detection
- Section skip function for unused rows
- Adjustable seed spacing
- Hectare counter, seed counter, average seed rate per hectare for partial and total areas
- Distance measurement in meters
