Dodatkowe informacje:

FMS KUREK LIDIA Automatic Weeder

- **Can be mounted on both the front and rear of the tractor**
- The machine is equipped with **two working heads**
- the first one is **tilting**, designed to **avoid trees** (with an extension range of **160 mm**), and the second one is **fixed**, used for **leveling the cultivated strip** (total working width of the machine: **500 mm**)
- **Adjustable skid height**

- the machine **follows the ground contour**
- **Additional bearing support** for rotating elements
- Thanks to **adjustable three-point linkage hangers**, the machine can work in both **wide and narrow rows** (e.g., vineyards)
- Requires **one pair of tractor hydraulic outlets**
- **Very solid and durable construction**

We offer nationwide transport. The price quoted is net.
